Combo Chair III

View Online

Compact and Versatile: Ideal for a Range of Seated and Standing Exercises

The Combo Chair III is the latest evolution of **our Wunda Chair**, designed to deliver precise, controlled resistance in a compact footprint. Featuring a cushioned seat, sprung pedal, and adjustable resistance, it supports **targeted strength work** for the upper and lower body, while challenging balance, stability, and control.

Engineered for smooth and quiet operation, the Combo Chair III incorporates a revised pedal axle with roller bearings, a refined **split-pedal locking mechanism**, and rubber-coated spring hooks to reduce noise during transitions. A chromed spring tree enhances durability, ensuring **reliable performance** in dedicated studios.

Key Features

Adjustable Components

Easy adjustments with our:

- Split-Pedal allows separate or combined pedal movement
- Easy-access Spring Tree
- Adjustable-height vertical handles

Compact Addition

Utilise unused studio space:

- Small 55cm x 82.5cm (21.5" x 32.5") footprint
- Wheels for easy movement

Expanded Repertoire

Differentiate your studio:

- Introduces seated, standing and single-leg work
- Challenges balance and control
- Ideal for progressive resistance training

Modular Add-Ons

Expand your studio at your pace:

- Can be used with an A-Series Jump Board as a backboard
- Removable handles allow more traditional Wunda Chair functionality
- Eyelets at the base can be used with Resistance Bands

Quality Construction

Durability you can trust:

- Maple-veneered marine ply on steel frame
- Heavy-duty construction supporting 150kg user weight
- 5-year frame warranty
