Pilates Reformers
AUSTRALIA

Our Leading Light Commercial Reformer: Compact, Lightweight, and Ideal for New Studios

The R8-Pro is a Light Commercial Reformer **designed for facilities with lower usage requirements** (under 20 hours per week). Inspired by **classical Pilates geometry**, it reflects many of the proportions and set-ups of Joseph Pilates' original machines, while incorporating **contemporary adjustment systems** for practical day-to-day use and a **sleek, black finish**.

Well suited to **multi-purpose spaces**, the R8-Pro is **compact, portable, and can free-stand vertically** when used with a Jump Board. It features four Footbar positions, our Rapid-Change Spring Bar with three positions, and Pro-Rope adjusters for efficient setup between users. Supplied with four springs, it also allows space for an optional fifth spring of choice.
